#### **DETAILED ACTION**

1. Receipt is acknowledged of amendments filed on 10/03/2003.
2. Claims 1-39 are presented for examination.
3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John Dawson on 23 October 2003 (see the interview summary, paper no. 10242003).

4. The application has been amended as follows:

#### **IN THE CLAIMS**

5. Claim 6, lines 6-16: Replace "A portable computer handle for detachably receiving a hand-held computer, the computer having a data reader operably secured thereto, said portable computer handle comprising: a computer-mounting portion for detachably receiving the hand-held computer, an elongate handle operably secured to said computer-mounting portion said elongate handle extending substantially orthogonally from said computer-mounting portion; and, a trigger operably secured to said elongate handle in electrical communication with the portable computer such that depressing the trigger actuates the data reader; wherein the data reader is a radio frequency identification tag reader." with

-- The portable computer handle of claim 1, further includes a radio frequency identification tag reader operably secured to the computer--.

***Allowable Subject Matter***

6. Claims 1-39 are allowed.
7. The following is an examiner's statement of reasons for allowance: The prior art of record, Hanson et al. (U.S. 5,349,497) in view of Harrison (U.S. 6,184,804) or in combination with any other references, fails to teach an elongate handle slidably secured to the sliding member such that the elongate member moves relative to the sliding member, independent of movement of the computer-mounting portion in a first direction, along a second direction substantially orthogonal to the first direction. These limitations in conjunction with other limitations in the claimed invention were not shown by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
